BOARD APPROVAL DATE: 02-22-2022

POLICY #PROC-01: It is the intent of the Desert Healthcare District ("District") Board of Directors ("Board") to maintain a Policy Manual.

The Board of Directors may update any policy at any time at their discretion. The Policy Manual will serve as a resource for the Board, staff and members of the public in determining the manner in which matters of District business are to be conducted.

Where this occurs, the Board of Directors will clarify either the rules or policy to assure that they are compatible.
4. Consideration by the Board of Directors to adopt a new policy or to amend an existing policy may be initiated by the Board President, two Board Members or by Staff. The proposed adoption or amendment is initiated by requesting that the item be included for consideration on the agenda of the Board & Staff Communications and Policies Committee.

8. Before considering adopting or revising any policy, Board Members and the public shall have the opportunity to review the proposed adoption or revision prior to the meeting at which consideration for adoption or revision is to be given. Copies of the proposed policy adoption or revision shall be included in the agenda information packet for any meeting of consideration. The agenda information packets with said copies shall be made available to each Board Member for review at least three (3) days prior to any meeting at which the policies are to be considered.

In public meetings, the Board President adheres to and implements the rules of order as approved by the Board. The President behaves consistently with District policies and those legitimately imposed upon it from outside the organization. In the absence of the President, the Vice-President shall serve as chairperson. If both the President and Vice-President are absent, the Secretary shall act as chairperson.

2.8 The President may also sign such certificates established in 2.7 upon successful approval of the Board.

2.9 The President may make and second motions and vote in the same manner as other Board members.

Regular meetings are held on the fourth Tuesday of each calendar month, except August, at 5:30 p.m. in the Regional Access Project (RAP) Foundation Building, 41550 Eclectic Street, Palm Desert, California, 92260, unless otherwise designated in the meeting Agenda. If that date falls upon a legal holiday, where a quorum of the Board of Directors is known to be unavailable for a regular meeting date, the meeting shall be held at the same time on the next business day as an adjourned meeting. In accordance with California Govt. code 54955, and the methods described therein, an adjourned regular meeting is a regular meeting for all purposes.

The location of a regular meeting may be changed at times, must be held within the District service boundaries, and properly noticed. It is the policy of the Board of Directors that if the regular meeting location is changed, a notification will be made on the District website.

2. Organizational Meeting. At the regular Board meeting in December, the Board shall organize by the election of one of its members as President, one as Vice-President, one as Secretary, and one as Treasurer.

3. Special meetings (non-emergency) of the Board of Directors may be called by the Board President, or by four (4) Board members by delivering written notice to each Board member and to each local newspaper of general circulation, radio or television

stations requesting such notice in writing, personally or by mail. Such notice must be delivered personally or by mail at least twenty-four (24) hours before the time of such meeting as specified in the notice. The call and notice shall specify the time and place of the special meeting and the business to be transacted. No other business shall be considered at special meetings. Such written notice may be dispensed with as to any Board member who, at or prior to the time the meeting convenes, files with the Secretary a written waiver of notice. Such waiver may be given by email. Such written notice may also be dispensed with as to any member who is actually present at the meeting at the time it convenes.

3.1 All Directors, the Chief Executive Officer, and District Counsel shall be notified of the special Board meeting and the purpose or purposes for which it is called. Said notification shall be in writing, delivered to them at least twenty-four (24) hours prior to the meeting.

3.2 Any organization or individual who have requested notice of special meetings in accordance with the Ralph M. Brown Act (California Government Code §54950 through §54926) shall be notified, including business to be transacted, will be given by email during business hours as soon after the meeting is scheduled as practicable.

3.3 An agenda shall be prepared as specified for regular Board meetings in POLICY #BOD-07 and shall be delivered with the notice of the special meeting to those specified above.

3.4 Only those items of business called for the special meeting shall be considered by the Board at any special meeting.

4.. Emergency Meetings. In the event of an emergency situation involving matters upon which prompt action is necessary due to the disruption or threatened disruption of public facilities, the Board of Directors may hold an emergency special meeting without complying with the 24-hour notice required 3.1, above. An emergency situation means a crippling disaster that severely impairs public health, safety, or both, as determined by the Chief Executive Officer, Board President or Vice-President in the President's absence.

4.1 Any organizations or individuals that have requested notice of special meetings in accordance with the Ralph M. Brown Act (California Government

Code §54950 through §54926) shall be notified by telephone or email at least one hour prior to the emergency special meeting. In the event that telephone or email services are not functioning, the notice requirement of one hour is waived, but the Chief Executive Officer, or their designee, shall notify such organizations or individuals of the fact of the holding of the emergency special meeting, and of any action taken by the Board, as soon after the meeting as possible.

4.2 No closed session may be held during an emergency special meeting, and all other rules governing special meetings shall be observed with the exception of the twenty-four (24) hour notice. The minutes of the emergency special meeting, a list of persons the Chief Executive Officer or designee notified or attempted to notify, a copy of the roll call vote(s), and any actions taken at such meeting shall be posted for a minimum of ten (10) days in the District office as soon after the meeting as possible.

5. Quorum. A majority of the members of the Board shall constitute a quorum for the transaction of business. The act of a majority of the Board members present at the meeting at which a quorum is present shall be the act of the Board.

6. Adjournment. The Board may adjourn any regular, adjourned regular, special, or adjourned special meeting to a time and place specified in the order of adjournment. A copy of the order or notice of adjournment shall be conspicuously posted on or near the door of the place where the meeting was held within twenty-four (24) hours after the time of adjournment.

GUIDELINES:

1. All Board of Directors (“Board”) meetings shall commence at the time stated on the agenda and shall be guided by the agenda.

 - 2.2 Hear public testimony, and
 - 2.3 Receive, consider and take any action with respect to reports of accomplishment of District operations.
3. To ensure that all members of the General Public have the opportunity to participate in the meetings of the Board of Directors of the Desert Healthcare District, the Board has established the following provisions for permitting any individual or group to address the Board concerning any item on the agenda of a special meeting, or to address the Board at a regular meeting on any subject that lies within the jurisdiction of the Board:
 - 3.1 It is the policy of the Board to allow three (3) minutes (exclusive of translation services) for any item not on the agenda that a member of the

public identifies at the beginning of the meeting under the agenda item “Public Comments”.

3.2 For agenda items, members of the public may speak for five (5) minutes (exclusive of translation services) any time prior to a vote.

3.3 A maximum of fifteen (15) minutes (exclusive of translation services) total per meeting shall be allowed for each member of the public.

3.4 No disruptive and/or boisterous conduct shall be permitted at any Board meeting. Persistence in boisterous conduct shall be grounds for summary termination by the Board President/Chair of that person’s privilege of address. If unacceptable conduct persists, the Board President/Chair may request removal of the person from the meeting and/or clear the room, allowing only accredited members of the press, for the duration of the meeting. Only matters appearing on the agenda may be considered. The Board President/Chair may allow for those members of the public not responsible for the disruptive conduct back in the room, if desired.

EXCEPTIONS:

6. The Board President/Chair, their designated alternate or the majority of the Board, are authorized to make exceptions to this policy during meetings. The Board as a whole may update this policy as it wishes.

BOARD APPROVAL:	02-22-2022

POLICY #BOD-11: It is the policy of the Desert Healthcare District (“District”) Board of Directors to conduct business in an orderly and comprehensive manner.

GUIDELINES:

1. Actions by the Board of Directors may include, but are not limited to, the following:
 - 1.1 Adoption or rejection of regulations or policies;
 - 1.2 Adoption or rejection of a resolution;
 - 1.3 Approval or rejection of any contract or expenditure;
 - 1.4 Approval or rejection of any proposal that commits District funds or facilities, and,
 - 1.5 Approval or disapproval of matters that require or may require the District or its employees, under the direction of the CEO, to take action and/or provide services.
2. In accordance with Health & Safety Code 32106, all sessions of the board of directors, whether regular or special, shall be open to the public, and a majority of the members of the board (four (4) Directors) shall constitute a quorum for the transaction of business. Actions taken at a meeting where a quorum of up to five (5) members are present, require three (3) votes to be effective (unless a 3/4 vote is required by policy or law). Actions taken where six (6) or seven (7) members are present, require a vote of the majority of the members present to be effective (unless a 3/4 vote is required by policy or law).
 - 2.1 In accordance with California law, a member abstaining from a vote is considered as an affirmative vote for the action or a vote in favor of a majority of the

quorum. When a Director is present at a meeting and desires to oppose an action, the Director must vote against the action and a refusal to vote is consent that the majority of the quorum may act for the body.

2.1.1 Example. If four (4) of seven (7) Directors are present at a meeting, a quorum exists, and business can be conducted. If two (2) Directors vote “aye,” one (1) Director votes no, and one Director abstains on an action, in accordance with California law, the Director is regarded as having voted affirmatively for the proposition or to have voted with the majority of the quorum.

2.1.2 Example. If an action requires a two-thirds vote of the “members” of the Board, and three (3) Directors abstain, the proposed action is not approved because at least five (5) of the seven (7) Directors would have to vote in favor of the action.

2.1.3 Example. If a vacancy exists on the Board and a vote is taken to appoint an individual to fill the vacancy if three (3) Directors vote in favor of the appointment, two (2) against the appointment, and one (1) abstains, the appointment is approved.

POLICY NUMBER: BOD-13

COMMITTEE APPROVAL: 09-14-2021

BOARD APPROVAL: 09-28-2021

POLICY #BOD-13: It is the policy of the Desert Healthcare District ("District") Board of Directors ("Board") to encourage members of the Board to attend educational conferences, professional meetings, trainings, and community events when the purpose of such activities is to improve District operations. Directors shall be mindful that public funds are being spent and that only a reasonable and necessary level of expense is warranted.

Participation of its elected officials in community events will expand the District's visibility in the community and increase the access of District residents to their elected officials. In turn, this will lead to a broader understanding of the District's mission and to improve community ties.

GUIDELINES:

1. The Desert Healthcare District Board of Directors determined that it will serve the best interests of the District to maintain membership in affiliated national, state and local organizations. Further, expenses incurred in attending meetings and conferences of the following organizations and functions are hereby designated as reimbursable:
 - 1.1 Meetings of organizations in which the District is a member (e.g. Association of California Health Care Districts, California Special Districts Association).
 - 1.2 Meetings directly related to the conduct of District business. Included in this category are groundbreaking and special events sponsored by healthcare organizations, both governmental and non-profit, receiving financial support from the District.
 - 1.3 Meetings of non-political community groups that extend a specific invitation to attend and at which the Board member actively participates in the program.

1.4 Attendance at symposia and conventions, the primary purpose of which is to discuss or demonstrate health care issues or matters relating to special districts.

1.5 Attendance at educational conference workshops which include curricula concerning district hospitals, special districts, or board administration.

1.6 Attendance at other meetings which the Board specifically approves at a regular meeting of the Board, and which the Board determines as an occasion that constitutes the performance of official duties.

1.7 Personally owned vehicles used in the conduct of District business must be insured for property and liability damage in an amount not less than the minimum limits required by the California Financial Responsibility Act.

2. Each Director shall be entitled to payment and/or reimbursement for all actual and necessary expenses incurred in the performance of official duties including expenses incurred relating to travel, meals, lodging, and other actual and necessary expenses incurred for attendance at meetings and conferences of organizations listed. Lodging expenses may not exceed the maximum group rate published by the conference or activity sponsor. Requests for Reimbursement must be submitted on a District approved Expense Form and shall include receipts documenting each expense. Director's expenses shall be reported at a minimum on a quarterly basis.

2.1 All receipts shall include the detail of the expense (i.e. itemized restaurant slips shall accompany credit card receipts).

2.2 The purpose of the meeting and individuals entertained shall be included on the receipts.

2.3 The District does not reimburse for alcohol.

2.4 Mileage reimbursement with use of personal vehicle. Staff – the District office is considered the starting point for reimbursement. In some cases, the employee's home may be considered. Directors – will typically use their District home or other reasonable starting point.

Example: Director resides in Indio but employed in Palm Desert. A meeting is in Palm Springs at the District office. The Director's office in Palm Desert would be the starting point for mileage.

2.5 Rideshare is an acceptable transportation expense.

2.6 POLICY #BOD-18 – Ticket Distribution Policy should be referred to for reimbursable events.

3. Upon returning from seminars, workshops, conferences, etc., where expenses are reimbursed by the District, Directors and Staff will either prepare a written report for

distribution to the Board or make a verbal report during the next regular meeting of the Board. Such report(s) shall be specified as an agenda item for that board meeting. POLICY #BOD-15: It is the policy of the Desert Healthcare District (“District”) to ensure complete transparency and follow The Political Reform Act which requires all public agencies to adopt and maintain a conflict-of-interest code establishing the rules for disclosure of personal assets and the disqualification from making or participating in the making of any decisions that may affect any personal asset. The California Fair Political Practices Commission has adopted a regulation (2 California Code of Regulations Section 18730, hereinafter “Regulation”) which contains the terms of a standard Conflict-of-Interest Code which can be incorporated by reference and may be amended by the Fair Political Practices Commission (“FPPC”) after public notice and hearings to conform to amendments in the Political Reform Act. The Regulation further provides that incorporation of its terms by reference along with the designation of employees and the formulation of disclosure categories by the District shall constitute the adoption and promulgation of a conflict-of-interest code within the meaning of Government Code Section 87300 or the amendment of a conflict-of-interest code within the meaning of Government Code Section 87307. Therefore, the terms of the Regulation and any amendments to it, duly adopted by the Fair Political Practices Commission, are hereby incorporated by reference, as augmented herein, as the Conflict-of-Interest Code of the District.

A financial interest can also exist when the decision impacts an asset or investment of the public official’s, or a business entity in which the public official is associated by ownership, officer status, or employment.

BOARD APPROVAL:	11-24-2020

POLICY #BOD-16: During the course of business, the Desert Healthcare District (“District”) may occasionally be provided with confidential medical information related to its employees, directors, or other affiliates (collectively referred to herein as “employees”). This policy is intended to be in compliance with all state and federal laws mandating confidentiality of medical information, including but not limited to the California Confidentiality of Medical Information Act (CMIA) and, to the extent applicable, the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA). The law shall supersede any provision of this policy that is in conflict.

GUIDELINES:

1. Employee medical information is considered confidential and shall be protected from unnecessary disclosure. When provision of medical records by a third-party provider is necessary or anticipated, an Authorization to Release Medical Information to Employer form (see attached) must be executed by the employee.

1.1 Definitions. “Medical information” means any individually identifiable information, in electronic or physical form, in possession of or derived from a provider of health care, health care service plan, health insurance plan, pharmaceutical company, or contractor regarding an employee’s medical history, mental or physical condition, or treatment. Such information includes, but is not limited to, medical records, doctor reports, disability certifications, or any written or oral disclosure of health conditions, illnesses, diseases, or requests for accommodation on account of health condition. “Medical information” shall be further defined to include any individually identifiable medical information provided by the employee directly unless confidentiality has been waived by the employee. “Individually identifiable” means that the medical information includes or contains

any element of personal identifying information sufficient to allow identification of the individual such as the patient's name, address, electronic mail address, telephone number, social security number, or other information that, alone or in combination with other publicly available information, reveals the individual's identity.

1.2 Designation of a Privacy Officer. The Privacy Officer of the District shall be the Chief Administration Officer as staff Human Resources (HR) representative for the District. Should that position be unfilled, the CEO will serve in the Privacy Officer position. The Privacy Officer shall be responsible for the implementation of this policy; the receipt and maintenance of employee medical information; obtaining required authorizations when necessary; and for maintaining adequate protections to ensure the confidentiality and security of employee medical information.

1.3 Prohibition Against Unauthorized Disclosure. No employee who is through necessity or inadvertence provided another employee's confidential medical information may disclose or use such information without the express authorization from the Privacy Officer. Employees may not use or disclose employee medical information obtained at the District for any reason after the employment relationship with the District ends. Misuse or unauthorized disclosure of confidential medical information will result in discipline, up to and including termination of employment. Employees should relay or provide medical information, when necessary, only to the Privacy Officer. The Privacy Officer shall make every effort to maintain the confidentiality of any employee communication, oral or otherwise, containing an employee's confidential medical information.

1.4 Medical Files. All employee medical information documentation, whether obtained from any post-offer examination, workers' compensation examination, or directly from the employee, shall be maintained in separate, secure medical files. Employee medical files shall be treated as confidential. Employee medical files shall be kept in a locked location, accessible to only the Privacy Officer or his/her authorized designee. No employee may place any medical-related material into an employee's general personnel file.

1.5 Mandate to Report Violations. Any violation of this policy shall be reported to the Privacy Officer as soon as reasonably possible. Because report of violation

may necessarily disclose apparent confidential medical information, employees are prohibited from relaying or repeating the report or the conveyed medical information to any party other than the Privacy Officer or his/her authorized designee. This prohibition does not prevent employees from reminding others about the requirements of this policy.

POLICY NUMBER:	BOD-17
COMMITTEE APPROVAL:	02-10-2022
BOARD APPROVAL:	02-22-2022

POLICY #BOD-17: It is the policy of the Desert Healthcare District (“District”) to establish the compensation, as well as the methodology and schedule for evaluating the job performance of the Chief Executive Officer (“CEO”).

1. The CEO of the District is retained and serves at the will of the District’s Board of Directors (“Board”). The CEO has general authority over administration, operations, and personnel matters of the District.
2. The Board has a responsibility to provide the CEO with frequent and constructive feedback. In addition to on-going monitoring, the Board will provide a specific opportunity for the CEO to present a written self-evaluation, and a response to the Board’s evaluation of their performance. Board members shall organize their evaluation of the CEO’s performance and have it presented in a face-to-face debriefing with the CEO.
3. The Board shall review the performance of the CEO after the initial six (6) months of active service following appointment to the position and annually thereafter. The annual executive evaluation process will begin on a date that will ensure that the evaluation process is completed annually, so it may be included in the budgeting process for the next fiscal year.
4. Performance will be gauged using a tool that allows Board members to provide a fair and comprehensive evaluation of the CEO. The performance measure tool will be designed to provide for discussion and inform feedback in the development of business goals, operational objectives, and requirements of the District’s Strategic Plan.

5. The Board retains the right to periodically evaluate the methodology used to evaluate the CEO's performance, and to prospectively establish a new methodology that reflects the business needs of the District and the Board.
6. The Board shall prepare input on the CEO Board Input and Evaluation Form (see Board President's Guide) prior to the Board of Directors' meeting. Regardless of the methodology used to measure performance, the Board retains the right to seek input on the CEO's performance from external and internal stakeholders. The Board President has lead responsibility for accomplishing the CEO's annual evaluation. In some cases, an organizational consultant or District Legal Counsel may be used to assist the Board and the CEO through the evaluation process.
7. The Board shall meet as a group in closed session with the CEO to verbally discuss performance outcomes for each of the components of the performance evaluation.
8. The District's Legal Counsel, or organizational consultant may attend the closed-session meeting to present the evaluation findings at the request of the Board and/or the CEO. At the conclusion of the formal evaluation meeting to evaluate the previous year's evaluation, the Board and CEO shall jointly develop mutually agreed upon written goals and objectives, and general performance goals in alignment with the District's Strategic Plan for the year ahead.
9. A copy of the formal assessment shall be provided to the CEO, and a copy shall be kept in the CEO's personnel file. The performance evaluation shall be kept confidential.
10. The CEO's compensation is negotiated between the CEO and the Board and is memorialized in the CEO's Employment Agreement. In addition to a salary, the CEO is entitled to all the benefits (insurance and retirement plans) offered to District Employees.
11. The CEO's compensation package will be reviewed following the performance evaluation process. The Board, or a committee of the Board, will review compensation using appropriate salary comparison data. Any decision on a change in compensation shall be made at a public meeting following the closed session evaluation meeting.

CHIEF EXECUTIVE OFFICER
ANNUAL PERFORMANCE EVALUATION PROCESS

BOARD PRESIDENT'S GUIDE

Annual Performance Evaluation Process for the Chief Executive Officer of Desert Healthcare District

INTRODUCTION

The following seven-step process shall be used by the Board of Directors (Board) for the valuation of the performance of the Chief Executive Officer (CEO) of Desert Healthcare District. The Board President shall be responsible for initiating the process so it is completed annually, so it may be included in the budgeting process for the next fiscal year. At the discretion of the Board, the process will be facilitated by either a consultant, designated sub-committee, or the Board President. Every three years, however, the Board will engage a qualified consultant to facilitate the process with the addition of interviews with individual Board members and potentially other stakeholders such as employees or community leaders. The process allows for periodic feedback from individual Board members on CEO performance yet yields a collective performance evaluation from the full Board. The cycle for the evaluation method will follow the following schedule:

STEP PROCESS

Step 1 (Week 1) – Request a year in review self-evaluation report from the CEO regarding performance. If requested by the Board, request input from third party groups such as employees and/or community stakeholders. Allow one-week turn around.

Step 2 (Week 2) - Circulate the CEO's self-evaluation input to the Board members and others along with the Appendix A, CEO Standard Evaluation form, requesting two-week response turn-around from Board members.

Guidance: In a facilitated process step 2 may be replaced with interviews with each Board member by Consultant.

Step 3 (Week 3) - Board President or Facilitator will gather all Board member inputs for collation into evaluation form (Appendix A) by filling in all sections of the forms from Board input. Board President must be able to take all inputs and meld them into one draft Board message to the CEO. A statement of overall performance should be provided. This entire step may be done by the President directly, a designated sub-committee, consultant, or District Counsel.

Guidance: Scores (middle column) should be an averaged score of all those received. Since the standard form table on success factor allows for comments (right column) on individual attributes, these should be listed into the table in the designated space (see example table below).

Step 4 (Week 4) – Board President or Facilitator will share draft evaluation with Board in closed session seeking comment. Refinement and/or endorsement of the completed draft collective evaluation.

Step 5 (Week 4) - Sub-committee/Board President share the evaluation with CEO about 4 to 7 days prior to the Board evaluation meeting.

Guidance: This allows for the CEO to consider the evaluation and prepare responses (where needed) to the Board for the upcoming evaluation meeting. At least one week should be allowed for the CEO to consider any responses.

Step 6 (Week 5-6) - Agendize closed session for CEO performance evaluation. Board conducts the session to formally deliver the evaluation and discuss the position or thoughts with the CEO, if any, regarding the collective evaluation. At times, this could take two meetings since changes to the evaluation could result from this meeting. Discussion of CEO contract or compensation adjustments should not be discussed at this meeting.

When reconvened to open session, the Board President will make public any actions from the closed session. A vote of the Board may be necessary.

Step 7 (Week 5-6) - Sign and file completed evaluation with confidential secretary or District Counsel.

BOARD APPROVAL: 04-23-2019

POLICY #BOD-18: From time to time the Desert Healthcare District and Desert Healthcare Foundation (collectively referred to herein as "District") receives event tickets and/or passes from public and private entities and individuals or purchases event tickets and/or passes in connection with the District's operations and activities in furtherance of the District's public purposes. These tickets and/or passes purchased or received by the District are public resources of the District.

The District desires to use such tickets and/or passes to further governmental and public purposes of the District, such as the promotion of the District's activities and programs, and to avail the District and its officials, as defined in Government Code Section 82048 and Fair Political Practices Commission Regulation 18701 (Title 2, Division 6, California Code of Regulations referred to herein as "FPPC Regulation"), of the ability to distribute tickets and/or passes pursuant to FPPC Regulation 18944.1. The furtherance of the District's governmental and public purposes may require the distribution of said tickets and/or passes to "public officials," as that term is defined in Government Code Section 82048; and

FPPC Regulation 18944.1(e) requires that any distribution of said tickets and/or passes to, or at the behest of, an authorized District Official must be made pursuant to a duly adopted written policy, if such distribution is made under that regulation, and that the District must receive value equal to or greater than the value of the event ticket or pass it distributes to a District Official. As provided in FPPC Regulation 18944.1(c), such tickets and/or passes distributed in accordance with a duly adopted policy are not considered gifts to public officials. Accordingly, the Board of Directors of the Desert Healthcare District adopts the following Ticket Distribution policy:

Section 1: Definitions.

- d. "Ticket Coordinator" shall mean the CEO or his or her designee who shall be responsible for distributing tickets in accordance with this policy and completing and posting the FPPC Form 802.

Section 2: Purpose of the Policy. The purpose of this Policy is to ensure that all tickets and passes the District receives from public and private entities and individuals, which are either complimentary or purchased by the District, are distributed in furtherance of a public purpose of the District and are not utilized for any election-related purposes.

Section 3: Limitation. This Policy shall only apply to the District's distribution of tickets and/or passes to, or those that are purchased at the behest of, an Authorized District Official.

Section 4: Public Purposes for Ticket Distribution. The following list is illustrative, rather than exhaustive, of the public purposes the District may accomplish by the distribution of tickets to, or at the behest of, a District Official:

Section 5: Purchase of Tickets or Passes. Authorized District Officials may request the Ticket Coordinator purchase up to two (2) tickets in accordance with the public purposes of this policy for use by the District Official, an immediate family member (spouse or dependent children), or one other person. \$20,000 per fiscal year beginning July 1, 2019 shall be budgeted for the purchase of tickets and the purchase of tickets for use by any individual Authorized District Official shall not exceed \$2,500 per fiscal year.

Section 6: Transfer Prohibition. The transfer by any District Official of any ticket distributed pursuant to this policy to any other person, except to other District Officials and staff members of the District, is prohibited. For tickets or passes that are unable to be used by the original recipient, the Ticket Administrator shall have the discretion to redistribute to other District Officials, staff members, or community members.

Section 7: Posting Form 802 on Website. Within thirty (30) days of distributing a ticket or pass, the District shall post a completed FPPC Form 802 on the District's website.

Section 8: Exemptions to Policy. Tickets or passes that are not subject to this policy include the following:

- a. Ceremonial Role or Function. Tickets or passes provided to an Authorized District Official where the official will perform a ceremonial role or function on behalf of the District are not considered gifts to the Authorized District Official.
- b. Reimbursement. The Authorized District Official reimburses the District for the face value of the ticket or pass within thirty (30) days of receipt or acceptance of the ticket or pass, as defined in the Political Reform Act.
- c. Income. The Authorized District Official treats the ticket or pass as income consistent with federal and state income tax laws and the City reports distribution of the tickets or passes as income to the Authorized District Official on the FPPC Form 802. The official will also have to report it as a gift on their 700 Forms.

- d. Political and Non-Profit Fundraisers. Ticket(s) (up to two) to political and non-profit events that are provided directly to the public official by the political committee or 501(c)(3) organization and do not involve the District are not considered gifts (Regulation 18944.1).

POLICY TITLE: ACCESS TO PUBLIC RECORDS

POLICY NUMBER: OP-01

COMMITTEE APPROVAL: 11-09-2020

BOARD APPROVAL: 11-24-2020

POLICY #OP-01: The California Legislature has declared that access to information concerning the conduct of the people's business is a fundamental and necessary right of every person in this state. The California Public Records Act ("PRA"), Government Code Sections 6250 to 6270, requires the Desert Healthcare District ("DHCD") to make public records available for inspection by the public and to provide copies upon request. DHCD has established the following guidelines to ensure that all persons understand and are afforded the opportunity to use their right to access public records. A copy of these guidelines will be provided free of charge upon request.

GUIDELINES:

1. "Public records" include any writing containing information relating to the conduct of the public's business prepared, owned, used or retained by DHCD regardless of physical form or characteristics. "Writing" means handwriting, typewriting, printing, photocopying, photographing, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing, any form of communication or representation, including letters, words, pictures, sounds or symbols or any combination thereof, and any record thereby created, regardless of the manner in which the record has been stored.
2. Public records are open to inspection during DHCD office hours, generally 8:30 a.m. – 5:00 p.m. Monday through Friday, except for holidays. Advanced notice is not required to inspect public records; however, the inspection of records is subject to a rule of reason and must be consistent and available within the DHCD offices.

2.1 Records available for immediate inspection include the Statement of Economic Interest (FPPC Form 700) of designated DHCD employees and this Access to Public Records Guidelines.

2.2 It is the policy of DHCD that records not exempt from disclosure by state law will be open for public inspection with the least possible delay. There is no charge to inspect records. In order to prevent records from being lost, damaged or destroyed during inspection, DHCD staff may determine the location of, and may monitor, the inspection.

3. While a written request is not required, DHCD prefers that all Public Records Requests be in writing so that DHCD can more accurately identify the records sought and process the request more efficiently. Requests may be in person, by phone, by email or directed to DHCD's office at the following address:

Desert Healthcare District
1140 North Indian Canyon Drive
Palm Springs, CA 92262
Phone: (760) 323-6113
Fax: (760) 323-6509
Email: ahayles@dhcd.org

Please include the following information in your request, so that we may respond to your request in a timely manner:

3.1 A clear and specific description of the information you are requesting. If possible, identify dates, subjects, titles and authors of the records requested. If needed, DHCD staff may ask for additional information if the request is not specific enough to permit identification of the records sought.

3.2 Contact information is recommended so DHCD can obtain clarifying information if needed and send you a response or copies of records.

3.3 The District strives to fulfill requests as soon as possible but not beyond ten (10) days from the date the request is received, DHCD will determine whether the request, in whole or in part, seeks copies of disclosable public records in DHCD's possession and notify the requester of such determination. In unusual circumstances, the 10-day time limit may be extended up to an additional fourteen (14) days by written notice to the requester, setting forth the reason for the time extension. Unusual circumstances include:

3.3.1 The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request;

3.3.2 The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records that are demanded in a single request;

3.4 If DHCD determines it will comply with the request, the records will be made available as promptly as possible upon payment, if required, of any applicable copying fees.

3.5 Upon request, DHCD will make an electronic public record available in any electronic format in which DHCD holds the information.

3.6 The cost for all other copies is the direct cost of duplication, or a statutory fee if applicable.

4. In balancing the public's right to access public records with other rights and interests, including the individual right of privacy and the need for DHCD to be able to competently perform its duties, the Legislature has established certain categories of records that may be exempt from public disclosure under specified circumstances. These include but are not limited to, certain personnel records, investigative records, drafts, confidential legal advice, records prepared in connection with litigation, real estate appraisals and evaluations made relative to pending acquisition of property, trade secrets, communications with the Governor's Office and information that is confidential pursuant to other state or federal statutes.

5. Upon receipt of a Court Order or a Subpoena Duces Tecum (a notice to appear and to bring records, or to produce records without appearance) should be forwarded to the Chief Executive Officer and the DHCD legal counsel. While a Subpoena Duces Tecum is issued by a court, it is not always an order of the court declaring that the particular records are subject to disclosure. Such records may still be subject to protection against disclosure by reason of the existence of a privilege or other legal excuse. Therefore, receipt of such a subpoena does not permit disclosure of records in and of itself and legal counsel shall determine the appropriate response.

POLICY TITLE: **ELECTRONIC COMMUNICATIONS USAGE AND RETENTION**

POLICY NUMBER: OP-04

COMMITTEE APPROVAL: 11-09-2020

BOARD APPROVAL: 11-24-2020

POLICY #OP-4: It is the policy of the Desert Healthcare District (“District”) to provide guidelines for Electronic Communications usage and retention.

GUIDELINES:

1. The purpose of the Electronic Communications Usage and Retention Policy is to:

- Provide clear and concise direction regarding use of the District’s electronic communications systems, including electronic mail (e-mail), text messaging and voicemail.
- Minimize any disruptions to District services related to electronic communications.
- Enhance work productivity through the use of electronic communications.
- Comply with applicable State and Federal laws and District policies related to the use of e-mail and all other forms of electronic communication.

This policy applies to all employees, elected officials, appointed officials, consultants, volunteers or other non-employees who use electronic communications regarding District business. All such persons shall be referred to throughout this policy as “District personnel.”

1.1 Definition of “Official District Record”. Under this Policy, the definition of “Official District Record” follows the definitions provided in the California Public Records Act (Cal. Gov. Code § 6250 et seq.) for “public records” and “writing”:

“...any writing containing information relating to the conduct of the public’s business prepared, owned, used or retained by any state or local agency regardless of physical form or characteristics...”

“...‘Writing’ means handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combination thereof, and any record thereby created, regardless of the manner in which the record has been stored.”

1.2 District Email is an Official District Record. E-mail and other forms of electronic communications, such as text messaging and voicemail, generate correspondence and other types of records that can be recognized as Official District Records and may be subject to disclosure under the Public Records Act. In addition, any Official District Records created through email and other forms of electronic communications must be protected and retained in accordance with records retention laws.

Messages transmitted using the District’s email system or using District-owned equipment, such as cell phones, smartphones, or pagers with capabilities for text messaging and voicemail, should be messages which involve District business activities and contain information essential to accomplishment of business-related tasks, or can otherwise be recognized as Official District Records. However, the incidental use of electronic communications (email, text, or voice) that may contain non-District related (personal) matters is permitted. This incidental use shall be limited and must not interfere with employee productivity or the provision of District services. Any incidental (personal) email, text or voice messages are NOT considered public records, but may still be discoverable in litigation. All electronic communications as described in this policy are the property of the District.

1.3 Social Networking and Official District Records. Communications regarding District business that are sent or received through any social networking site may also be subject to the Public Records Act and records retention laws. Until the District adopts and implements an official policy regarding social networking, all District personnel should be cautious in using social networking sites to communicate regarding District business. At a minimum, District personnel

should notify social media users that their communications regarding District business may be subject to disclosure. In addition, District personnel should caution all users that social media is not the official method of communicating with the District and should direct users to contact the District via telephone, in writing, or through the District's website.

1.4 District Email System is Not For Storage. The District reserves the right to retrieve and make proper and lawful use of any and all electronic communications transmitted through the District's email system and any District-owned equipment. Although the use of electronic communications is considered official District business, the District's communication systems, including email, text messaging and voicemail, are intended as a medium of communication only. Therefore, the email system and any District-owned equipment such as cell phones, smartphones and pagers should not be used for the electronic storage or maintenance of documentation, including, but not limited to, Official District Records. Regarding email, the system administrator performs regular electronic back-ups of the District's email system. However, the back-up is not a copy of all District email activity that occurred on the District email server during the back-up period.

1.5 Guidelines for Proper Email Usage

- District email access is controlled through individual accounts and passwords. It is the responsibility of District personnel to protect the confidentiality of his or her account and password information.
- District personnel are responsible for managing their mailboxes, including organizing and cleaning out any non-District related messages that do not constitute Official District Records. Email users are responsible for determining if emails contain substantive information regarding District business or may later be important or useful for carrying out District business, and thus could be considered as Official District Records.
- All District personnel must check and respond to their emails on a regular basis, preferably daily.
- District personnel are expected to remember that email sent from District email accounts is a representation of the District. All District personnel must use normal standards of professional and personal courtesy and conduct

when drafting email messages. Email messages should be drafted with the same care and in the same manner as any communication printed on District letterhead. Like any other District communication, email is a reflection of the District's business practices.

- All messages transmitted over the email system should be limited to those which involve District business activities or contain information essential to District personnel for the accomplishment of District-related tasks. Use of the District's email system for personal communication must be kept to a minimum. "Spam" email can be harmful to the District's computer system. Spam email is electronic junk mail, usually unsolicited commercial and non-commercial messages transmitted as a mass mailing to a number of recipients. If an email message does not pertain to District business, it should be deleted from your email account and not forwarded. Examples include jokes, thoughts for the day, "chain" type email messages, etc.
- Email messages should be easy to read and understand. Spelling and grammar should be correct. Avoid using abbreviations unless you are certain the recipient will understand the meaning.
- Messages should be sent to smaller rather than larger audiences where appropriate. Avoid "broadcasting" messages and large documents. Email should not be used for broadcast purposes unless the message is of interest to all District personnel.
- Avoid long email "chain" messages that include past emails attached to a current message. Deleting long strings of previous email exchanges from your reply messages will enhance readability and save disk space.
- Limit designating email as "high-priority" or "urgent" – use those designations only when necessary and appropriate.

1.6 Prohibited Uses of the District's Electronic Communication Systems.

Electronic communications shall not be used for any activity that is a violation of local, state, or federal law. Types of messages prohibited from being transmitted through the District's electronic communications systems include, but are not limited to, the following:

- Messages in support or opposition to campaigns for candidates for an elected office or a ballot measure.

- Messages of a religious nature or promoting or opposing religious beliefs.
- Messages containing language which is insulting, offensive, disrespectful, demeaning, or sexually suggestive.
- Messages containing harassment of any form, sexual or ethnic slurs, obscenities, or any representation of obscenities. For more information please refer to the District's policies regarding harassment and discrimination.
- Messages used to send or receive copyrighted material, proprietary financial information, or similar materials.
- Messages used for gambling or any activity that is a violation of local, state, or federal law.

1.7 No Expectation of Privacy. District personnel have no right or expectation of privacy or confidentiality in any message created, sent, received, deleted, or stored using the District email system or any District-owned communication devices. All messages and any attachments on the District's computer network or other District-owned system or device are the property of the Desert Healthcare District and may be accessed by authorized personnel. District electronic communications may be monitored as allowed by the Electronic Communications Privacy Act, the federal Stored Communications Act, and other any applicable federal or State laws. Most communications among District personnel are not confidential communications. However, certain communications such as law enforcement investigations, personnel records, or attorney-client communications may be confidential or contain confidential information. Questions about whether communications are confidential, and how they are to be preserved, should be discussed with the Chief Executive Officer.

- **No Snooping.**

It is a violation of this District policy for any District personnel to use the District's electronic communications systems or equipment for purposes of satisfying idle curiosity about the affairs of others. Abuse of authority by

accessing another person's email, text or voice messages without their knowledge or consent is prohibited. District personnel found to have engaged in such "snooping" may be subject to disciplinary action consistent with District policies.

- **Access Must be Private**

Notwithstanding the District's right to have authorized personnel access email and other electronic messages, all electronic messages should be treated as confidential by other District personnel and accessed only by the intended recipient. District personnel are not authorized to retrieve, read or listen to any electronic messages that are not sent to them. Any exceptions must receive prior approval by the Chief Executive Officer or their designee.

- **Use Caution with Confidential Information.**

All District personnel must exercise a greater degree of caution in sending confidential information on the District's electronic communications systems than they take with other media because of the risk that such information may be copied and/or retransmitted. When in doubt, DO NOT USE EMAIL, TEXT MESSAGING OR VOICEMAIL as a means of communication. Furthermore, the use of passwords for security does not guarantee confidentiality.

- **Personal Email Accounts and Official District Records**

The use of personal email accounts to transmit messages regarding District business should be avoided by all District personnel. In the event that messages regarding District business are received by District personnel through their personal email accounts, District personnel are requested to forward copies of such emails to their District email addresses. Personal emails discussing District business might be considered Official District Records that are subject to the Public Records Act and records retention laws. District personnel are requested to use only their District email accounts for sending/receiving emails regarding District business.

1.8 Record Retention and Disclosure. Electronic communications are a business tool which shall be used in accordance with generally accepted business practices and all federal and State laws, including the California Public Records Act, to provide

an efficient and effective means of intra-agency and interagency communications. Under most circumstances, communications sent electronically are public records, subject to disclosure under the Public Records Act and subject to records retention laws applicable to special districts.

1.8.1 Electronic Messages as Official District Records

The District's email, text messaging and voice mail systems are tools used for the temporary transport of communication, and as methods to send or receive correspondence. If an email message or text message, including any attachments, can be considered an Official District Record, as defined by this Policy (*"any writing containing information relating to the conduct of the public's business prepared, owned, used or retained by any state or local agency regardless of physical form or characteristics"*), such messages must be preserved for the legally required time period in accordance with the District's Records Retention Policy.

1.8.2 Automatic Deletion of Email

The District's email management system automatically deletes District emails, including any text messages that become emails, which are more than **one hundred eighty (180) days** old from all Outlook folders of each District email user. Email in "Deleted" and "Sent" folders will be automatically removed after **one hundred eighty (180) days**.

1.8.3 Managing Your District Email

Individual District personnel are responsible for the management of their mailboxes and associated folders on a daily basis. To ensure maximum efficiency in the operation of the email system, District personnel are directed to delete email messages that are not Official District Records from their inboxes on a daily basis. Examples of such messages are personal emails, email advertisements/announcements, or newsletters received via email. If email messages that are not Official District Records are necessary for transitory work, preliminary drafts, preparation of work product or personal notes, District personnel are directed to either print the email and maintain the paper copy, or create a PDF version of the email (print to PDF) and store the file in an electronic folder on the District's network drive.

Email messages (including any attachments) that are Official District Records shall be preserved by one of the following methods:

- Print the email and place the printed copy in the appropriate file.
- Email should not be stored on portable media (CDs, DVDs, thumb drives, etc.). Electronically move the email out of the District's email system and store it on a network drive.

It is the responsibility of individual District personnel to determine if an email message is an Official District Record which must be retained in accordance with the District's Record Retention Policy. Always consider the content of an email message when you are determining if the email is an Official District Record. The Chief Executive Officer can assist you in making such a determination. In addition, following is a general guideline for determining whether an email message is a public record under the California Public Records Act and records retention laws:

<i>MESSAGES THAT ARE GENERALLY CONSIDERED AS PUBLIC RECORDS</i>	<i>MESSAGES THAT ARE GENERALLY NOT CONSIDERED AS PUBLIC RECORDS</i>
<ul style="list-style-type: none"> ▪ Emails that are created or received in connection with District business; ▪ Emails that document official decisions or commitments not otherwise documented in official District files; or ▪ Emails that initiate, authorize or complete a transaction of the District's business. 	<ul style="list-style-type: none"> ▪ Personal messages. ▪ SPAM emails, advertisements or other "junk" email. ▪ Messages not related to official District business (e.g., gathering for birthday cake in the lunch room). ▪ Emails transmitting newsletters or general information from other public agencies or vendors.

Examples of email messages that are generally considered as public records:

- Email requesting to add a consent calendar item to the District Board meeting agenda.
- Emails between District staff regarding the need for an email retention policy.
- Emails between District staff regarding approval of a contract.
- Email that refers to meeting a deadline (i.e., "In compliance with FPPC filing requirements, attached please find...).
- Formal negotiations that exist only in email form.

1.9 Email Attachments. Attachments to email messages should be retained or disposed of according to the content of the attachment itself, not according to the email transmitting the attachment. Many email attachments are simply duplicates of existing documents, or are draft versions of documents that might not be retained by the District after the final version of the document is complete. If you need help in determining whether an attachment to an email message must be retained, please contact the Chief Executive Officer or the Clerk to the Board.

1.10. Preserving Electronic Messages – Public Records Act Requests, Subpoenas, Claims, and Potential Claims Against the District. Periodically, the District receives requests for inspection or production of documents pursuant to the Public Records Act, as well as subpoenas or court orders for documents. In the event such a request or demand includes electronic messages, District personnel who have control over or access to any such messages, once they become aware of the request or demand, shall use their best efforts, by reasonable means available, to temporarily preserve any such message until it is determined whether the message is subject to preservation, public inspection, or disclosure. District personnel must contact the Chief Executive Officer or the Clerk to the Board regarding any such messages that are within their control.

1.11 Violations. Any person found to have violated this policy may have his or her access to District email, text messaging or other means of electronic communication on District equipment limited or revoked completely. District personnel who violate this policy may be subjected to formal disciplinary action up to and including termination from District employment.

I. FORMAL COMPETITIVE BIDDING REQUIREMENTS

A. Contracts Requiring Formal Bids.

Unless exempted by this Policy or applicable law, any contract for work to be done or for materials and supplies to be furnished, sold, or leased to the District shall be awarded by the District through the “formal” bidding procedures specified in this Section “I” (Formal Bidding Requirements) if they involve an expenditure of more than Twenty-Five Thousand Dollars (\$25,000). (H&S Code § 32132(a).) Such contracts involving an expenditure of Twenty-Five Thousand Dollars (\$25,000) or less may be made without soliciting or securing bids. As used herein, “work to be done” may include, among other things, general maintenance work or public works contracts.

B. Bid Procedures.

1. Preparation of Bid Package.

Before entering into any contract which requires formal bidding, the District shall prepare or cause to be prepared a bid package. Unless exempted by the Board of Directors (“Board”) or designee pursuant to Section “III” (Flexibility and Waiver of Policy Requirements) below, the bid package shall include a notice inviting bids, instructions to bidders, bid form (which shall include a provision as to the method for determining the lowest bidder, whether on: 1. Base bid alone; 2. Identified alternates; 3. Prioritized order of alternates within identified budget; or 4. Other “fair manner”), contractors qualification statement contract form, conditions of the contract, required bonds and other forms, drawings, and full, complete, and accurate plans and specifications, giving such directions as will enable any competent supplier or contractor to ascertain and carry out the contract requirements.

The Board or designee shall endeavor to include all required contract documents in the bid package. To the extent that the Board or their designee determines, pursuant to Section “III” (Flexibility and Waiver of Policy Requirements) below, that any required contract document

cannot be incorporated into the bid package, its terms shall be negotiated with the lowest responsible bidder prior to the award of the contract.

To the extent possible, the plans and specifications shall also be reviewed and approved by the District's authorized representative prior to their insertion in the bid package.

2. Notice Inviting Bids – Contents

All bid packages shall include a notice inviting bids. The notice inviting bids shall include, among other things determined necessary for a particular contract by the Board or designee, information as to the type, quality and quantity of materials, supplies or work to be provided, the contract performance schedule, the project location, the basis for determining the lowest bidder (whether on: 1. Base bid alone; 2. Identified alternates; 3. Prioritized order of alternates within identified budget; or 4. Other “fair manner”), a contact person, and other bid requirements and information regarding how to obtain a bid package, the place where bids are to be received, and the time by which they are to be received. For contracts involving public works projects, the notice inviting bids shall also contain any other information required by state law or Section “II” (Provisions Applicable to Public Works Contracts) of this Policy.

3. Notice Inviting Bids - Distribution by Mail, Posting or Other Means.

Except in cases of emergency or where not practicable, all suppliers and contractors who have notified the District in writing that they desire to bid on contracts, and all suppliers and contractors which the District would like to bid on contracts, shall be furnished with the notice inviting bids by postal or electronic mail.

In addition to notifying all such persons by mail, the District shall post the notice inviting bids in one or more public places typically used by the District. It shall be posted in sufficient time in advance of the bid opening to allow bidders to bid, as determined by the Board or designee. The notice shall remain posted until an award has been

made. Notice may also be made by telephone, facsimile, telegram, personal contact, letter, or other informal means.

4. Notice Inviting Bids - Advertising/Publication.

Except in cases of emergency or where circumstances require that less notice be given, as determined by the Board pursuant to Section "III" (Flexibility and Waiver of Policy Requirements) below, the notice inviting bids shall be published once a week for at least two (2) consecutive weeks, as follows:

- a. In a newspaper of general circulation published in Riverside County; or
- b. In trade journals or papers of general circulation as the Board, or designee, deems proper.

In the event that the Board determines, pursuant to Section "III" (Flexibility and Waiver of Policy Requirements) below, that circumstances require less than the prescribed notice period, he/she shall endeavor to provide notice by publication to the extent practicable under the circumstances.

For cost efficiency purposes, the published notice inviting bids need not be as detailed as that provided by other means, including by mail, posting or inclusion in the bid package, but should contain the legally and practically required essential contents of the notice, including but not limited to, where and how to obtain the complete bid package, Labor Code notice provisions, and bonding requirements.

5. Bid Form.

As part of the bid package, the District shall furnish to each bidder an appropriate bid form prepared by the District for the type of contract being let. Bids not presented on forms so furnished, or exact copies thereof, shall be rejected as non-responsive.

6. Presentation of Bids.

All bids shall be presented under sealed cover. Upon receipt, the bid shall be date and time stamped.

Any bids received after the due date and specified time shall be returned unopened. (Gov. Code § 53068.)

7. Withdrawal of Bids.

Bids may be withdrawn at any time prior to the time fixed in the public notice for the opening of bids only by written request made to the person or entity designated in charge of the bidding procedure. The withdrawal of a bid does not prejudice the right of the bidder to timely file a new bid. Except as authorized by law for public works contracts (Pub. Contract Code §5100 et seq.), no bidder may withdraw its bid after opening for the period of time indicated in the bid package, which period shall be at least forty-five (45) days.

C. Award of Contracts.

1. Opening of Bids.

On the day named in the public notice, the District shall publicly open the sealed bids. Award of the contract shall be to the lowest responsive and responsible bidder, if at all. All bidders shall have complied with the foregoing bid procedures, except as otherwise provided herein and except for any minor errors or irregularities which may be waived by the District. After a bid is opened it shall be deemed irrevocable for the period specified in the invitation to bid.

The Board of Directors is under no obligation to accept the lowest responsive and responsible bid received, since the District has absolute discretion in the acceptance of bids and reserves the right to reject all bids if it desires. The Board of Directors also reserves the right to determine the conditions of responsibility including matters such as delivery date, product quality, and the service and reliability of the supplier.

2. Responsible Bidder.

The District's determination of whether a bidder is responsible shall be based on an analysis of each bidder's ability to perform, financial statement (if required), experience, past record and any other factors it shall deem relevant. If the lowest bidder is to be rejected because of an adverse determination of the bidder's responsibility based on the District's staff review, the bidder shall be entitled to be informed of the adverse evidence and afforded an opportunity to rebut that evidence and to present evidence of responsibility. In such event, the District shall give the rejected bidder and the bidder to be awarded the contract at least five (5) working days' notice of a public board meeting at which the responsibility issue shall be considered by the Board. No other notice, other than that required for Agenda descriptions by the Ralph M. Brown Act, shall be required. The Board may, in its discretion, continue its consideration and determination of the issue to future meetings of the Board within the time authorized for the award of the contract. The Board's decision shall be conclusive.

3. Bid Challenges.

If any bidder wishes to challenge a potential bid award, he or she shall file a written objection within five (5) calendar days following bid opening. The written objection shall include specific reasons why the District should reject the bid questioned by the bidder. The District may, in its discretion, consider the protest during the public meeting at which the contract award is to be considered, or it may consider it at a prior meeting. The District shall give the challenging bidder and the bidder to be awarded the contract at least five (5) working days' notice of the board meeting at which the challenge shall be considered by the Board. No other notice, other than that required for Agenda descriptions by the Ralph M. Brown Act, shall be required. The Board may, in its discretion, continue its consideration and determination of the issue to future meetings of the Board within the time authorized for the award of the contract. The Board's decision shall be final.

4. Notice to Bidders Not Awarded the Contract; Return of Bid Security.

Whenever a contract is not to be awarded to a bidder, such bidder shall be notified by regular mail not more than five (5) working days after the award of the contract to another bidder. The bid security supplied by the bidder shall be returned with the notice.

D. Emergencies.

The District may, by majority vote of the Board of Directors, award any contract for work to be done or for materials and supplies to be furnished, sold, or leased to the District without soliciting or securing bids if it determines that an emergency exists as provided for in Health & Safety Code section 32136 as it may be amended from time to time.

E. Contracts Not Requiring Formal Bids Pursuant to Law.

Medical or Surgical Equipment or Supplies: Contracts for purchases of medical or surgical equipment or supplies may be made without soliciting or securing bids. (H&S Code § 32132(b).) As used herein, "medical or surgical equipment or supplies" shall be defined as provided in Health & Safety Code section 32132(d), as that section may be amended from time to time. Currently, Section 32132(d) defines these terms to include "only equipment or supplies commonly, necessarily, and directly used by, or under the direction of, a physician and surgeon in caring for or treating a patient in a hospital." (H&S Code § 32132(d).) If bids are solicited, the "formal" bidding procedures specified in this Section "I" (Formal Bidding Requirements), modified as the Board or designee shall determine to be in the District's best interest, shall be followed.

II. **PROVISIONS APPLICABLE TO PUBLIC WORKS CONTRACTS**

The following provisions govern all contracts awarded by the District for public works:

A. Prequalification for Bids \$100,000 or Over.

1. Prequalification Requirements.

The District shall, on contracts in which the estimated cost is equal to or exceeds One Hundred Thousand Dollars (\$100,000), require all prospective bidders to prequalify by completing an appropriate "Contractor's Qualification Statement" and submitting a listing of experience in performing the type of contract being let, a current Dunn & Bradstreet report, a summary of current trade agreements, and such other information as the District shall deem relevant.

The requirement of pre-qualification shall be indicated in the notice inviting bids. The second newspaper publication shall be published to allow potential bidders at least seven (7) days to submit pre-qualification requirements and the District at least five (5) days to review submitted pre-qualification packages prior to distribution of bid packages, which distribution shall be at least thirty (30) days prior to the time by which bids are to be received.

The Contractors Qualification Statement shall be verified under oath and submitted on or before the due date specified in the notice inviting bids. The documents submitted for pre-qualifications shall remain confidential and not open to public inspection. The decision as to prequalification shall be made by the Board, or designee. Pre-qualification procedures are intended to assist the District in determining "responsibility" of bidders but shall not be conclusive evidence thereof.

2. Notice and Protest Requirements.

The District shall notify each potential bidder in writing by regular mail within seventy-two (72) hours after the District's decision as to pre-qualification. A duplicate of all such notices shall be mailed to the Secretary of the Board of Directors of the District. Bid packages shall only be provided to pre-qualified contractors, except as set forth below.

Whenever a contractor is notified of the District's denial of pre-qualification to bid on a contract, the contractor may file a written protest to the disqualification within seventy-two (72) hours of its receipt of notice of disqualification. Receipt shall be deemed to be

two (2) days after mailing of the notice. The written objection shall include specific reasons why the District should not disqualify the bidder. The District may, in its discretion, consider the protest during a public meeting prior to the circulation of bid packages, or it may allow the protestor to submit a bid under protest.

If the District chooses to consider the protest prior to the circulation of bid packages, it shall give the challenging bidder at least five (5) working days' notice of the board meeting at which the challenge shall be considered by the Board. No other notice, other than that required for Agenda descriptions by the Ralph M. Brown Act, shall be required. The Board may, in its discretion, continue its consideration and determination of the issue to future meetings of the Board prior to circulation of bid packages. The Board's decision shall be final.

If the District allows the bidder to bid under protest the bid package will be provided only after the bidder has made payment therefore in an amount equal to the District's cost of printing and reproduction of the bid package.

If a written protest is not timely received from the bidder, the bidder waives any right to bid under protest.

B. Qualification for Bids Under \$100,000.

The District shall, on contracts in which the estimated cost is less than One Hundred Thousand Dollars (\$100,000), require all prospective bidders to complete an appropriate "Contractor's Qualification Statement," submit a list of the contractor's experience in performing the type of contract being let and such other information as the District shall deem relevant. The Statement shall be verified under oath and submitted prior to or with the contractor's bid, as determined by the Board or designee. The documents submitted for qualification shall remain confidential and not open to public inspection. These documents shall be considered by the District in making its award to the lowest responsible bidder but shall not be deemed conclusive evidence of responsibility.

C. Bid Security.

All bids shall be accompanied by bid security in an amount equal to at least ten percent (10%) of the total bid price. The security shall be in a form as follows:

1. Cashier's or Certified Check in the required amount; or
2. Bidder's Bond executed by an admitted surety insurer and made payable to the District.

Any bid not accompanied by one of the foregoing forms of bidder's security shall be rejected as non-responsive.

An "admitted surety insurer" means a corporate insurer or a reciprocal or interinsurance exchange to which the Insurance Commissioner of the State of California has issued a certificate of authority to transact surety insurance in this state. (Code of Civ. Proc. § 995.120.)

The bid security for all other unsuccessful bidders shall be returned to them within five (5) working days after the contract is awarded.

D. License Requirement.

In every completed bid, and in all construction contracts and subcontracts, shall be included the license number of the contractor and all subcontractors working under them. No project may be awarded to a contractor which is not licensed pursuant to state law or which utilizes subcontractors not so licensed.

E. Insurance.

All contracts shall require insurance of the type, in amounts and with provisions approved by District Legal Counsel and management. All contractors awarded contracts shall furnish the District with original certificates of insurance and endorsements effecting coverage required by the contract. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf and shall be on forms supplied or approved by the District. All

certificates and endorsements must be received and approved by the District before work commences, or sooner if indicated by the contract documents. The District shall reserve the right to require complete, certified copies of all required insurance policies, at any time.

At a minimum, all general liability and automobile insurance policies shall contain the following provisions, or contractor shall provide endorsements on forms supplied or approved by the District to add the following provisions to the insurance policies: (1) the District, its directors, officers, employees and agents shall be covered as additional insureds with respect to the work or operations performed by or on behalf of the contractor, including materials, parts or equipment furnished in connection with such work; and (2) the insurance coverage shall be primary insurance as respects the District, its directors, officers, employees and agents, or if excess, shall stand in an unbroken chain of coverage excess of the contractor's scheduled underlying coverage. Any insurance or self-insurance maintained by the District, its directors, officers, employees and agents shall be excess of the contractor's insurance and shall not be called upon to contribute with it in any way.

At a minimum, all workers' compensation and employers' liability policies shall contain the following provision, or contractor shall provide endorsements on forms supplied or approved by the District to add the following provision to the insurance policies: (1) the insurer shall agree to waive all rights of subrogation against the District, its directors, officers, employees and agents for losses paid under the terms of the insurance policy which arise from work performed by the contractor.

At a minimum, all policies shall contain the following provisions, or contractor shall provide endorsements on forms supplied or approved by the District to add the following provisions to the insurance policies: (1) coverage shall not be canceled except after thirty (30) days prior written notice by mail has been given to the District; and (2) any failure to comply with reporting or other provisions of the policies, including breaches of warranties, shall not affect coverage provided to the District, its directors, officials, officers, employees and agents. Insurance carriers shall be qualified to do business in California and maintain an agent for process

within the state. Such insurance carrier shall have not less than an “A” policyholder’s rating and a financial rating of not less than “Class VII” according to the latest Best Key Rating Guide.

All insurance required by the contract shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the District, its directors, officers, employees or agents.

All builders’/all risk insurance policies shall provide that the District be named as loss payee. In addition, the insurer shall waive all rights of subrogation against the District. The making of progress payments to the contractor shall not be construed as creating and insurable interest by or for the District, or as relieving the contractor or its subcontractors of any responsibility for loss from any direct physical loss, damage or destruction covered by the builders’/all risk policy occurring prior to final acceptance of the work by the District.

The District shall not be liable for loss or damage to any tools, machinery, equipment, materials or supplies of the contractor. The contractor shall supply to the District an endorsement waiving the insurance carrier’s right of subrogation against the District for all policies insuring such tools, machinery, equipment, materials or supplies.

F. Contract Requirements.

1. Performance Bond.

A Performance Bond is an undertaking furnished by a contractor for the faithful performance of the contract by the contractor guaranteeing that performance of the contract will be accomplished according to its terms. Every public works contract or contract for a work of improvement over Twenty-Five Thousand (\$25,000) or contracts of one contractor with the District which aggregate Twenty-Five Thousand Dollars (\$25,000) or more, shall provide for the filing of a separate performance bond by the contractor executed by an Admitted Surety. An “admitted surety insurer” means a corporate insurer or a reciprocal or interinsurance exchange to which the

Insurance Commissioner of the State of California has issued a certificate of authority to transact surety insurance in this state. (Code of Civ. Proc. § 995.120.) Each Performance Bond shall be in a sum equal to One Hundred percent (100%) of the contract price or equal to the sum of the aggregate outstanding contracts. In any notice giving call for bids for any contract, the notice shall state that the Performance Bond is required. The Performance Bond shall not be used as a substitute for a determination of bidder responsibility. The District shall also require the Performance Bond to comply with any other legal requirements, as they may be amended from time to time.

2. Materials and Labor Payment Bond.

A Payment Bond means a bond which insures the payment in full of the claims of all persons supplying labor and/or materials to the project. (Civil Code § 3096.) In contrast to the Performance Bond, the Payment Bond guarantees payment of the obligation of all claimants who have furnished labor or materials to a work of improvement.

A Payment Bond executed by an Admitted Surety Insurer, as defined above, shall be required for all public works contracts or contracts for works of improvement in amounts and in a form required by Civil Code sections 3247 and 3248, as these sections may be amended from time to time. The bond must be in the form of a Payment Bond and not a deposit in lieu of bond. The District shall also require the Payment Bond to comply with any other legal requirements, as they may be amended from time to time.

3. Time for Completion/Liquidated Damages.

Every contract shall state the time when the whole or any specified portion of the work shall be completed. In the discretion of the Board of Directors, giving consideration to the size and nature of the project, the contract may provide that for each day completion is delayed beyond the specified time(s), the contractor shall forfeit and pay to the District a specified sum of money, to be deducted from any

payments due or to become due to the contractor. The provision for liquidated damages shall be in a form approved by District Legal Counsel. (Civil Code § 1671; Gov. Code § 53069.85.)

4. Retentions; Substitution of Securities in Lieu of Retentions.

Contract Retentions shall be withheld and released in compliance with Public Contract Code sections 7107 and 9203. In accordance with California Public Contract Code section 22300, a provision shall be included in every invitation for bid and in every contract to permit the substitution of security for any monies withheld to insure performance (Retentions).

5. Bonus for Early Completion.

Any contract may also provide for the payment of extra compensation to the contractor as a bonus for completion of the project prior to the specified contract time. If such bonus for early completion is to be awarded to the contractor, the bid specifications shall also state the availability of such bonus compensation and the requirements therefore. (Gov. Code § 53069.85.)

6. Listing and Substitution of Subcontractors.

Subcontractors shall be listed by the general contractor in its bid in accordance with, and shall not be substituted in violation of, the provisions of the Subletting and Subcontracting Fair Practices Act. (Pub. Contract Code § 4100 et seq.)

7. Contract Terms.

All contract terms, including, but not limited to, the contract form, general conditions and special conditions shall be approved by District Legal Counsel.

G. Changes in Plans and Specifications

Every contract shall provide that the District may make changes in the plans and specifications for the project after execution of the contract. Bid

procedures as set forth in this Policy need not be secured for change orders which do not materially change the scope of the project, as set forth in the original contract, if each individual's change order does not total more than five percent (5%) of the original contract. (H&S Code § 32132(c).)

However, if the original contract met all of the competitive bidding requirements set forth in this Policy, the contract may be terminated, amended or modified as provided in the original contract and according to the terms and provisions set forth in the original contract without regard to the five percent (5%) limitation set forth above. The compensation payable, if any, shall be determined as set forth in the original contract or applicable state law.

All changes or amendments to the original contract must be in writing and signed by both the contractor and a duly authorized representative of the District.

III. FLEXIBILITY AND WAIVER OF POLICY REQUIREMENTS

In recognition of the fact that the contracting and procurement needs of the District may from time to time render certain procedures or requirements herein impracticable, the Board or designee is authorized to permit or waive deviations from this Policy, to the extent permitted by law, upon making a written finding that such deviations are in the District's best interests in consultation with District Legal Counsel as to legal issues involved. This written finding will be included with the Staff Report when item is presented to the Finance and Administration Committee and Board of Directors for approval.

In no event shall a contract for professional services be awarded based solely upon the lowest cost to the District. The policy requires that contracts for professional services exceeding a certain dollar value and some offering certain services as described below be bid.

The procurement of professional services exceeding \$50,000.00 will be bid per the guidance below:

The specific services for Legal, Audit and Investment Advice will be reviewed and potentially bid on the following schedule regardless of proposed contract amount. Legal services, audit services, and investment services shall each be reviewed and potentially bid every five (5) years.

2. Bid Procedures – Professional Services Contracts of \$50,000.00 or more.

A. Preparation of Request for Qualifications and Proposals (RFQ & RFP).

The key criteria for selecting a firm to provide professional services will be their ability to provide the needed services at the highest and best value to the District. Before entering into any contract with a value of Fifty Thousand Dollars (\$50,000.00) or more pursuant to this Policy, the Board or designee shall prepare or cause to be prepared a written request for qualifications and/or proposals ("RFQ/P"). Unless exempted by the Board or designee pursuant to Section "II" (Flexibility and Waiver of Policy Requirements) below, the RFQ/P shall include at least the following information: (1) the specific nature or scope of the services being sought; (2) the type and scope of project contemplated; (3) the estimated term of the contract; (4) the specific experience expected of the firm; (5) the time, date and place for submission of the RFQ/P; (6) a contact person who can answer questions of the firms; (7) a contract form; and (8) the evaluation criteria to be utilized in the selection of the firm.

The Board or designee shall endeavor to include all required information in the RFQ/P. To the extent that the Board of Directors or their designee determines, pursuant to Section "II" (Flexibility and Waiver of Policy Requirements) below, that any required information cannot be incorporated into the RFQ/P, its terms shall be negotiated with the successful consultant or supplier prior to the award of the contract.

B. Circulation of Request for Qualifications/Proposals.

The District shall attempt to obtain and consider completed RFQ/P's from at least three (3) qualified sources.

C. Procedures - Professional Services Contracts of less than \$50,000.00.

1. Request for Qualifications, Selection and Award

Before entering into any contract with a value of less than Fifty Thousand Dollars (\$50,000.00), the Board or designee shall transmit written or oral Request for Qualifications (RFQ) to qualified firms. The District shall attempt to transmit RFQ to at least three (3) qualified sources, and the District shall endeavor to obtain at least three (3) completed proposals. After the Board or designee has selected the most qualified consultant or supplier, the actual fee for service and other agreement terms will be negotiated. If an agreement cannot be reached, negotiations shall begin with the next most qualified consultant or supplier.

3. Professional Services – CEO Authorized Services up to \$25,000

Periodically, a service may be necessary to move forward with a task or project included in the Strategic Plan, Annual Budget, or normal course of business. The Board authorizes the Chief Executive Officer to execute a service agreement for such services up to a value of \$25,000. The Service Agreement shall be approved in consultation with Board President and District's Legal Counsel and presented to the Board as an informational item at the next Board of Director's meeting.

When the Board or designee awards any contract pursuant to this Policy, the

contract award shall be based on the proposal, which is in the best interests of the District. In addition, unless exempted pursuant to Government Code section 4529, contracts for professional architectural, landscape architectural, professional engineering, environmental, land surveying, construction project management and any other services specified in Government Code section 4526, as it may be amended from time to time, shall be awarded on the basis of demonstrated competence and on the professional qualifications necessary for the satisfactory performance of the services required. In no event shall a contract for such professional services be awarded on the basis of cost alone. (Gov.Code § 4525 et seq.).

II. FLEXIBILITY AND WAIVER OF POLICY REQUIREMENTS

In recognition of the fact that the contracting and procurement needs of the District may from time to time render certain procedures or requirements herein impracticable, the Board or designee is authorized to permit or waive deviations from this Policy, to the extent permitted by law, upon making a written finding that such deviations are in the District's best interests in consultation with Board President and District's Legal Counsel as to legal issues involved. This written finding will be included with the Staff Report when item is presented to the Finance and Administration Committee and Board of Directors at the next regularly scheduled meeting.

Engagement brings meaning and relevance to sustainability goals across a broad spectrum of players; and it encourages local innovations in sustainable development through creative problem solving.

STANDARDS

4.1 Community engagement encompasses a more comprehensive approach, creating practices and institutionalized mechanisms that share the power and decision-making control in marginalized communities, groups, subject matter experts and all other stakeholders. - Listen to those with lived experience to ensure understanding of key subject information and areas where the District/Foundation can learn from.
- Assure the District/Foundation is seeking out and meeting with the experts in the field to learn from and understand what their needs are for continued and future success.
- Work in partnership and co-create a plan/ budget/ focused subject priority.
- Build-in evaluative measures to assure for as-needed course corrections.
- Report out to Board of Directors and/or request approvals as necessary.

- The culture needs to be, the community feels heard and knows we will move into action.
- Utilize information gathered and leverage resources, both financially and with District and partner personnel.
- Provide meeting materials and/or verbally communicated information in the necessary languages to ensure communication is effective to attendees.
- As a follow-up to said meetings, disperse the information via District/Foundation communication vehicles so the general public and others have an opportunity to contribute.
- Meetings within the District/Foundation service area will maintain a baseline structure with the understanding that what is done in one community may not work in others; each is unique with its own circumstances and the

- b) Fund major repairs of DRMC, including partial seismic retrofit costs; or
- c) Fund grants and overhead costs of operation of the District.

1.2 Policy: Use of District Reserves is limited to the reserve fund established with MUFG Union Bank. Special use of the funds will be designated by formal action of the Board of Directors. The purposes of the reserve fund are listed below.

a) DRMC Operating Capital:

The District is in a 30-year lease to operate DRMC with Tenet Health Systems which expires on May 29, 2027. In the event of termination of the lease agreement, the District would be responsible for operating the hospital during the transition without interruption and would require upfront operating capital for two (2) months of approximately \$125M.

b) Major repairs of DRMC, including seismic retrofit costs:

DRMC falls under the seismic retrofit guidelines of SB 1953, which requires the hospital to be seismically compliant by the year 2030. Should the District be required to complete the seismic retrofit, it is estimated \$120M - \$180M will be required to bring DRMC into compliance. It is presently unknown if the Lessee (Tenet) or the District will pay for the seismic retrofit.

c) Grant funding and District operating expenses:

The District receives an estimated \$6M annually from county property tax allocation. The operations of the District, including grant funding, are mostly funded by the annual tax allocation. The Reserve Fund is increased as tax payments are received or decreased as grant and operational costs are expended.

1.3 Using Reserve Funds:

a) DRMC Operating Capital:

Reserve funds will be used exclusively for operating DRMC during a transition period should the hospital lease be terminated.

b) Major repairs of DRMC, including seismic retrofit costs:

Reserve funds will be used exclusively for major repairs, including seismic retrofit costs, of DRMC should the District be responsible for these costs.

c) Grant funding and District operating expenses:

Reserve funds will be used as necessary for grant funding and District operating expenses.

1.4 Monitoring Reserve Levels & Records: The Chief Executive Officer, in collaboration with the Chief Administration Officer, shall maintain accurate accounting records of the reserve fund and provide transparency to the Board of Directors.

a) The District's Reserve Fund shall be maintained at approximately \$60M.
