Due to the ever-changing situation related to the 2019 Novel Coronavirus (COVID-19) mobile dental professionals continue to be considered of increased occupational risk due to the confined space of mobile clinics. Borrego Health has not launch dental services during this reporting period. Instead, patients encountered during the medical mobile days were assessed for dental-related needs and referred to Borrego's nearest dental clinic, at either Centro Medico Cathedral City or DHS Health and Wellness Center depending on patient preference. Transportation services continue to be available to and from our dental clinic via Uber Health, for patients who lack transportation. Borrego Health will continue to monitor data from the Riverside County of Public Health and recommendations from the CDC and ADA to determine the best time to launch mobile dental services at DHG. The DHG Wellness Committee and DHCD will be kept informed as things continue to develop.
