

JUNE 1 - 7 | NATIONAL WEEK OF ACTION

# SEVEN DAYS IN JUNE

SEVENDAYSINJUNE.ORG

# CANDLELIGHT VIGIL

## FRIDAY, JUNE 5 - 7:30pm

### Desert Healthcare Wellness Park

(corner of Via Miraleste & Tachevah Road  
West of Meditation Circle)

As part of the national **Seven Days in June: Health Is Primary** campaign, communities across the country will gather to affirm that health must remain a governing priority and to raise awareness about the impact of healthcare funding cuts on our neighbors, families and loved ones. In solidarity with this nationwide effort, we invite you to join us for a community candlelight vigil at sunset in the Desert Healthcare Wellness Park.

**Friday, June 5 marks HIV Long-Term Survivors Awareness Day** and the 45th anniversary of the first published reports of what would later become known as AIDS. Together, we will honor those we've lost, celebrate those who've survived and remember that the AIDS epidemic is not over.

*Remarks will begin at 7:30PM and the vigil will conclude after sunset.*

**Register Here:**
