DESERT HEALTHCARE DISTRICT
SPECIAL MEETING OF THE BOARD OF DIRECTORS
Board of Directors
June 19, 2018
6:00 P.M.

UCR PALM DESERT
75080 FRANK SINATRA DRIVE, BUILDING B, PALM DESERT, CA 92240

This meeting is handicapped-accessible

AGENDA ***Item Type***

Any item on the agenda may result in Board Action

A. CALL TO ORDER – President Zendle, MD

Roll Call

____Vice-President/Secretary Rogers, RN___Director/Treasurer Matthews
____Director Hazen____Director Wortham, DrPH

B. PLEDGE OF ALLEGIANCE

C. APPROVAL OF AGENDA **Action**

D. PUBLIC COMMENT

At this time, comments from the audience may be made on items *not* listed on the agenda that are of public interest and within the subject-matter jurisdiction of the District. **The Board has a policy of limiting speakers to no more than three minutes.** The Board cannot take action on items not listed on the agenda. Public input may be offered on agenda items when they come up for discussion and/or action.

E. PUBLIC HEARING

1. Discussion Regarding Draft Maps for Change from At-Large to Zone Based Elections – Elections Code 10010(a)(2) **Discussion & Consideration**

   Five draft maps were published on the District's website beginning June 14, 2018. Pursuant to Elections Code Section 1001(a), after maps are drawn, the political subdivision shall hold at least two additional hearings over a period of no more than 45 days at which the public is invited to provide input regarding the content of the draft map or maps and the proposed sequence of election. If a draft map is revised at or following a hearing, it shall be published and made available to the public for at least seven days before being adopted. This is the first hearing and the second hearing will be held on Tuesday, June 26, at 6:00 pm in the Stergios Building at 1140 N. Indian Canyon Drive, 1st Floor Conf. Rooms A&B

DESERT HEALTHCARE DISTRICT

DESERT HEALTHCARE FOUNDATION

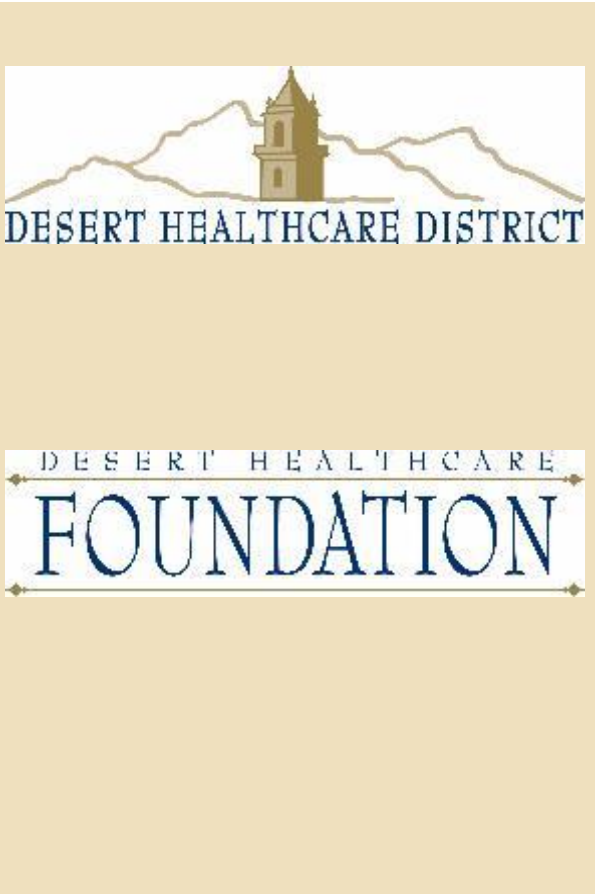
Desert Healthcare District/Foundation

Zoning Public Hearing

June 14, 2018

Presented by: Herb K. Schultz, Chief Executive Officer

Mission - Misión de District/Foundation



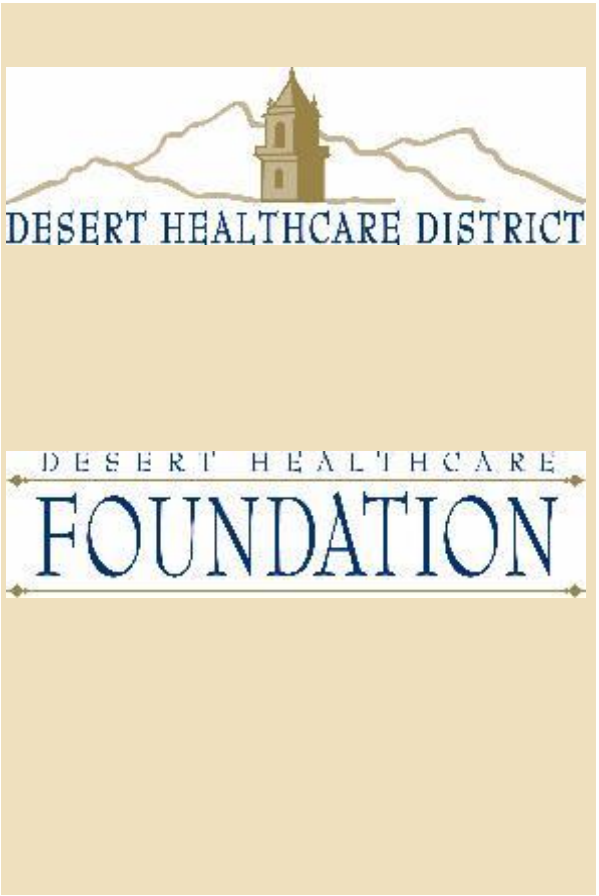
Mission

To achieve optimal health at all stages of life for all District residents

Misión:

Obtener un óptimo nivel de salud en todas las etapas de vida para los residentes del Distrito.

Vision – Visión de District/Foundation



Vision:

Connecting Coachella Valley residents to health and wellness services and programs through philanthropy, health facilities, information and community education, and public policy.

Visión:

Conectando residentes del Valle de Coachella a servicios y programas de salud y del bienestar a través de filantropía, establecimientos de salud, información y educación comunitaria y políticas públicas.

About the District/Foundation

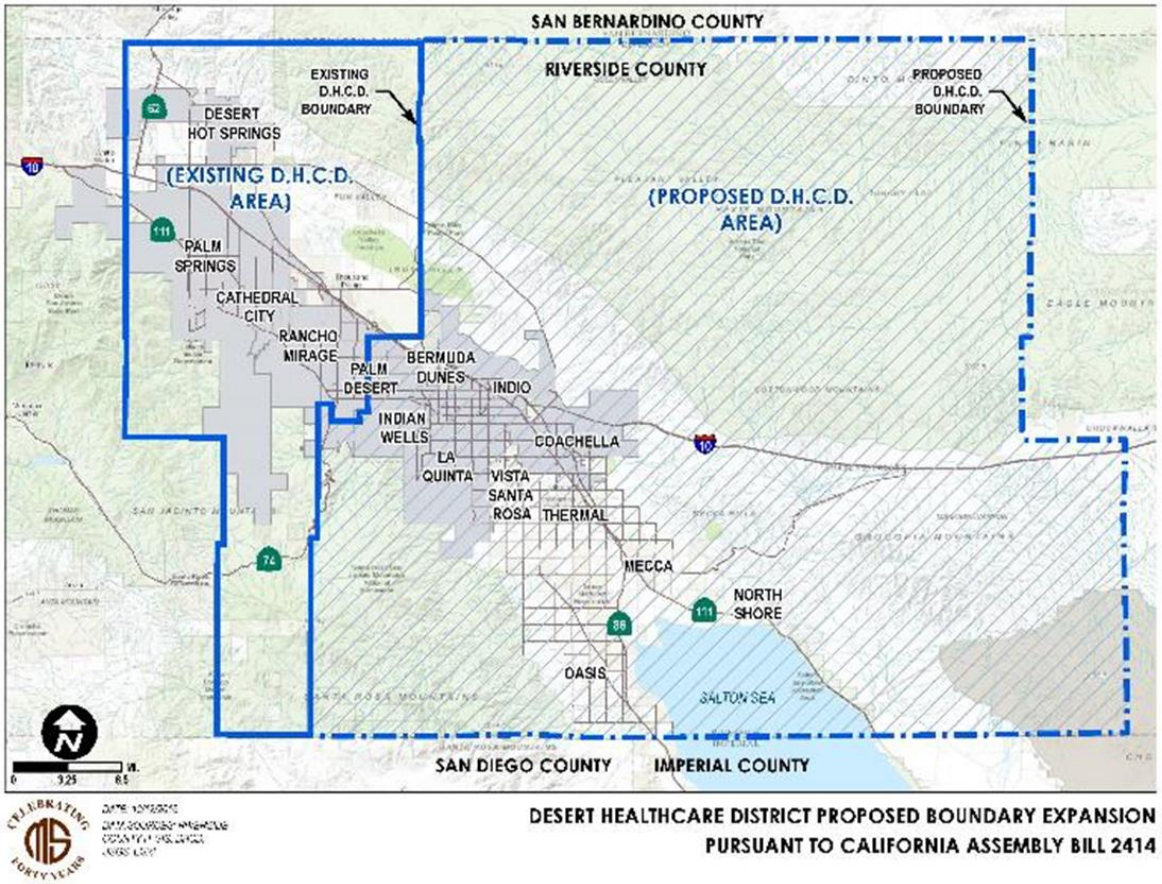
- Desert Healthcare District (DHCD) is almost 70 years old, governed by 5 members elected by voters, and funded through the receipt of a very small portion of property taxes paid to Riverside County by property owners.
- *El Desert Healthcare District (DHCD) casi tiene 70 años de existencia, gobernado por 5 miembros de una mesa directiva que son elegidos por los electores, y es financiado por una porción muy pequeña de impuestos pagados al Condado de Riverside por los dueños de propiedades.*
- The DHCD includes the cities of Desert Hot Springs, Palm Springs, Cathedral City, Rancho Mirage, part of Palm Desert, and some unincorporated areas.
- *El DHCD incluye las cuidades de* Desert Hot Springs, Palm Springs, Cathedral City, Rancho Mirage, parte de Palm Desert, y algunas áreas que no son incorporadas.

About the District/Foundation

- DHCD is one of the largest funders of health and wellness services and programs in the Coachella Valley.
- *El DHCD es uno de los más grandes fundadores de servicios y programas de salud y del bienestar en el Valle de Coachella.*
- DHCD has provided more than $70 Million to community-based organizations, providers, school districts, and others for services and programs to benefit community residents.
- *El DHCD ha proporcionado más de $70 millones de dólares a organizaciones comunitarias, proveedores, distritos escolares, y otros para servicios y programas basados en la comunidad que benefician a la comunidad.*
- DHCD owns Desert Regional Medical Center. Tenet Healthcare leases and operates the hospital.
- *EL DHCD es dueño* del Desert Regional Medical Center. Tenet Healthcare alquila y maneja el hospital.

COACHELLA MAP
(Current District/East Valley Expansion)

The DHCD/F includes the cities of Desert Hot Springs, Palm Springs, Cathedral City, Rancho Mirage, part of Palm Desert – West of Cook, and some unincorporated areas north of Hwy 10



STRATEGIC PLAN: Strategic Priority 1

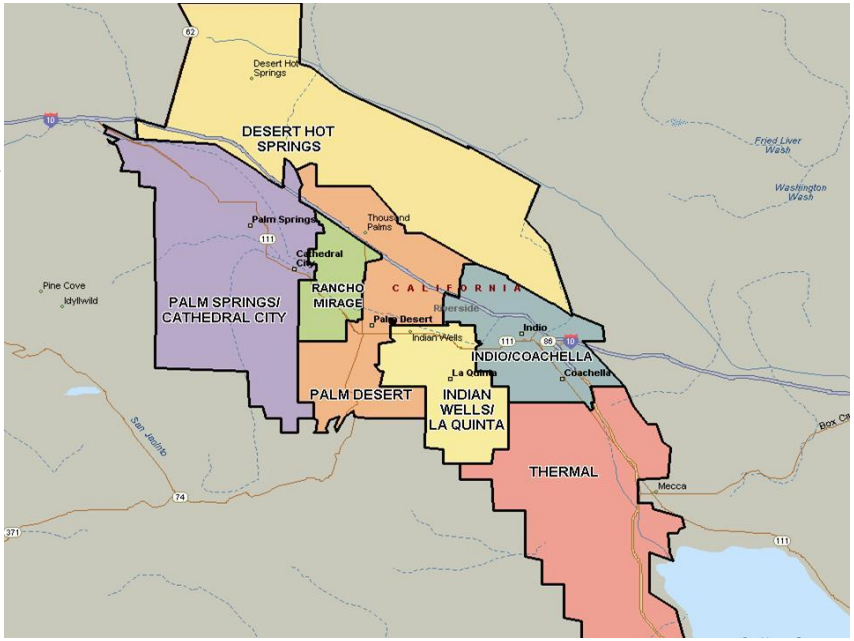
New Providers, Facilities, Programs and Services – Provide facility, provider and service initiatives that enhance delivery system capacity

Nuevos Proveedores, Instalaciones, Programas y Servicios – *Brindar iniciativas de instalaciones, proveedores y servicios que mejoren la capacidad del sistema de entrega*

STRATEGIC PLAN: Strategic Priority 2

One Coachella Valley –
Strengthen community health outcomes by implementing a District expansion that enhances and broadens community funding, considers the health needs of all residents, and effectively engages residents in the entire Coachella Valley

One Coachella Valley -
Fortalecer los resultados de salud de la comunidad mediante la implementación de una expansión del Distrito que mejora y amplía el financiamiento de la comunidad, considera las necesidades de salud de todos los residentes y compromete efectivamente a los residentes en todo el Valle de Coachella



STRATEGIC PLAN: Strategic Priority 3

Community Health and Wellness –

Demonstrably improve community health in the Coachella Valley leveraging District/Foundation investments and activities

Salud y Bienestar Comunitario -

Mejora de manera demostrable la salud de la comunidad en el Valle de Coachella aprovechando las inversiones y actividades del Distrito / Fundación

STRATEGIC PLAN: Community Health Focus Areas

- Homelessness
- *Falta de vivienda*
- Primary Care and Behavioral Health Access
- *Acceso a la atención primaria y a la salud conductual*
- Healthy Eating, Active Living
- *Comida sana, vida activa*
- Quality, Safety, Accountability and Transparency
- *Calidad, seguridad, responsabilidad y transparencia*

Desert Healthcare District

2018 Zoning

June 19, 2018

Dr. Justin Levitt, Vice President, NDC

Project Timeline

National Demographics Corporation

Date	Event
April 24	1st hearing: gather public input on the composition of zones Cathedral City Senior Center, Cathedral City, 6 pm
May 8	2nd hearing: gather public input on the composition of zones Miracle Springs Resort & Spa, Desert Hot Springs, 6 pm
June 12 at the latest	*Draft maps posted on District website and available at the Desert Healthcare District*
June 19	**3rd hearing: public input on draft maps and election sequencing** **UC Riverside – Palm Desert, Palm Desert, 6 pm**
June 26	4th hearing: public input on draft maps and election sequencing Map selection and ordinance introduction Desert Healthcare District Stergios Building, Palm Springs, 6 pm
Nov. 2018	First by-district elections in two zones
Nov. 2020	First by-district elections in remaining three zones
2021	Zones redrawn to reflect 2020 Census data

Traditional Districting Criteria

Federal Laws

- Equal Population
- Federal Voting Rights Act
- No Racial Gerrymandering

Traditional Criteria

- Communities of interest
- Compact
- Contiguous
- Visible (Natural & man-made) boundaries
- Respect for voters' wishes and continuity in office
- *Planned future growth/Growth since 2010*

Health and Safety Code Section 32100.04 specifies that Zones 1, 3, and 5 should hold elections in the same year and Zones 2 and 4 should hold elections on the opposite election cycle

Election Year Sequencing

- Once a map is chosen, each zone must be assigned an initial election year (either 2018 or 2020)
- Law requires that the Board have five members at all times. Zones come up for election as current terms end
- Two zones will elect in 2018 and three zones in 2020.
- A move to by-district elections cannot shorten the term of a current Board member
  - Remember that each current Board member was elected at-large and serves at-large until elected in a Zone.

Re-Election Impacts

	Board member Resides in 2018 District	Board member Resides in 2020 District
Board member Term Ends in 2018	Board member can run for re-election in the district at end of current term	Board member leaves the Board at end of term in 2018. Board member can run for Board in 2020, though not as an incumbent.
Board member Term Ends in 2020	(Option 1) Board member leaves the Board at end of term in 2020, and could run for Board in 2020, though not as an incumbent. (Option 2) Board member runs for by-district seat in 2018. If elected, resigns at-large seat (leaving a 2-year, at-large vacancy) and is sworn into by-district seat. If unsuccessful, remains on Board until 2020 end of current at-large term. *	Board member can run for re-election in the district at end of current term

* There is an unresolved legal question whether the Board member must resign to run in 2018, or can run and wait to see if he/she wins before resigning.

NDC
National Demographics Corporation

Representation in "Vacant" Zones

- Three current Board member terms run until 2020 (Board members Zendle, Wortham, and Matthews).
- Those three Board members remain "at-large" Board members until 2020, representing the entire District
- The residents of any zone assigned to a 2020 election remain represented by Board members Zendle, Wortham, and Matthews

Proposed Election Sequence by Plan

Desert Healthcare District/Foundation

Draft Maps Input Sessions

June 1, 2018

The Desert Healthcare District Board of Directors recently decided to move away from an at-large election system for its Board structure and transition to a 5 zone-based election system for the November 2018 election to help strengthen community representation.

In a process required by State law, input was provided by Board Members, District Staff, and members of the public through multiple processes, including at two initial Public Hearings. The Public Hearings were held April 24 and May 8, conducted before any map drawing by the District's consultant National Demographics Corporation (NDC) as a part of the proposed transition to zones.

NDC has created four draft maps based on input from the Public Hearings. The Desert Healthcare District/Foundation (DHCD/F) has published the maps, including a fifth map created by a member of the public on its website for review and public comment. An explanation of each draft map is provided by NDC, including additional information to ensure a better understanding of the maps and zone definitions.

The public is invited to comment and provide suggested changes on the proposed draft maps or create a map of your own. Please note each zone must include approximately 39,400 residents. The maps can be accessed through the following link. www.dhcd.org/Transition-to-Zoning **All proposed maps are due by close of business June 9, 2018.**

The Board of Directors will meet on **June 19 at 6 p.m. at UCR Palm Desert** – 75080 Frank Sinatra Drive, Palm Desert – Building B with complimentary parking in Lot B; and again, on **June 26 in the Stergios Building** at 1140 N. Indian Canyon Drive, 1st Floor Conference Rooms A & B.

At the June 19 meeting, the Board will consider the draft maps, recommended changes, and additional suggestions. The Board will select maps to publish on the District's website for final public viewing prior to the June 26 meeting. It is anticipated that the Board of Directors will adopt a final map for transition to zones at the June 26 meeting.

Please direct all map inquires to Douglas Johnson, President, NDC or Justin Leavitt, Ph.D., Vice President, NDC at 818-254-1221 or via email at **djohnson@ndcresearch.com** or **jlevitt@ndcresearch.com**.

The public is also encouraged to RSVP to DHCD/F via email to Andrea S. Hayles at **ahayles@dhcd.org** or via phone at 760-323-6110. All other questions can be directed to Herb K. Schultz, CEO, DHCD/F via email at **hschultz@dhcd.org** or cell at 760-219-5619.

Plan Descriptions:

NDC Green creates four directional zones and one in the center. Zone A includes Desert Hot Springs, Garnet, and Desert Edge. Zone B is centered in Palm Springs, Zone C includes the eastern half of Cathedral City, Thousand Palms, and Rancho Mirage north of Fred Waring Road. Zone D includes the western and central parts of Cathedral city and the eastern side of Palm Springs. Zone E includes most of the southern areas south of Fred Waring Road, including most of Palm Desert and Rancho Mirage as well as Indian Wells[1].

NDC Orange is another alternative with directional districts. In this version, Zone A includes Desert Hot Springs, Garnet, and North Palm Springs—though entirely north of the city itself. Zone B links Thousand Palms with the northern half of Palm Desert, much of Rancho Mirage, and the eastern edges of Cathedral City. Zone C is entirely in Palm Springs and Zone D entirely in Cathedral City. Zone E includes the southern portions of Palm Springs, Cathedral City, Rancho Mirage, Palm Desert, and Indian Wells generally along Highway 111.

NDC Purple is an alternative that divides no city more than once. Desert Hot Springs is divided between Zones A and B, keeping the eastern unincorporated areas of Sky Valley and Desert Edge with the central part of Desert Hot Springs in Zone A. Zone B links Desert Hot Springs with the northern parts of Palm Springs, including the Desert Gateway neighborhood. Zone C then links central and northern Cathedral City with the western half of Thousand Palms. Zone D links southern Palm Springs and Cathedral City with Rancho Mirage north of Highway 111. Zone E then includes all of Palm Desert and Indian Wells, with the southern areas of Thousand Palms and Rancho Mirage.

NDC Yellow is an option that links Desert Hot Springs and Thousand Palms. This means that Zone A includes the eastern half of Desert Hot Springs along with the unincorporated northeastern area. Zone B includes a large portion of Desert Hot Springs and the northern part of Palm Springs as far south as Taquitz Creek. Area C includes all of north Cathedral City, Area D the southwestern areas, including the southern half of Palm Springs, Cathedral City, and Rancho Mirage along Highway 111. Area E includes almost all of Palm Desert and northern Rancho Mirage.

Kaplan 1 (Councilman Kaplan's map) started with the following instructions, which NDC drew to the best of our ability, given population constraints:

1. Zone one - South Palm Springs heading North following city boundaries to include the 39,400 population
2. Zone two - Cathedral City South heading North following city boundaries to include the 39,400 population
3. Zone three - Desert Hot Springs and the Unincorporated Northwest to include the 39,400 population
4. Zone four - Indian Wells, Palm Desert and the South side of Rancho Mirage to include the 39,400 Population
5. Zone five - North Palm Springs, North Cathedral City, the rest of Rancho Mirage, Thousand Palms and Sky Valley to include the remaining population which should be about 39,400

[1] The Desert Healthcare District includes the communities of Palm Springs, Cathedral City, Rancho Mirage, Desert Hot Springs, Thousand Palms, Palm Desert (west of Cook Road), and approximately 750 residents of Indian Wells (out of a total of 40,000).

Proposed Election Sequencing by Plan

Two Zones will elect in 2018 and three Zones will elect in 2020

Sequencing

California law requires that the District publish a possible sequence of election years accompanying each draft plan. The Board has the ability to modify these proposed sequences and will decide which zones will elect in each year.

During the transition to by-Zone elections, there will always be five members on the Board, regardless of where current Board members live. All current Board members may complete their terms of office "at-large," and will only represent a Zone if they win election held only in that Zone[2]. Zones take effect after the first election held in that Zone.

Given the District's current election cycle, two Zones will first hold election in 2018 and three Zones will first hold election in 2020. NDC has followed the traditional principle of minimizing impact on voters in suggesting Zones with only one current Board member be placed on that member's cycle. In cases of multiple Board members in a single Zone or vacant Zones, we have listed all options. However, the Board has the flexibility to make the final decision on sequencing.

[2] It is possible to have two Board members living in a single Zone during the transition. If a Zone containing a 2018 Board member and a 2020 Board member holds its first election in 2018, it will have a 2018 representative from that Zone and a 2020 Board member "at-large" for two years. In 2020, that Zone will not have an election, and the 2020 Board member will be off. In this case, a "vacant" Zone elsewhere will hold their first election for a by-Zone representative in 2020.

Total and Voting Age population data from the 2010 Decennial Census.

Surname-based Voter Registration and Turnout data from the California Statewide Database.

Latino voter registration and turnout data are Spanish-surname counts adjusted using Census Population Department undercount estimates. NH White and NH Black registration and turnout counts estimated by NDC. Citizen Voting Age Pop., Age, Immigration, and other demographics from the 2011-2015 American Community Survey and Special Tabulation 5-year data.
